Immerse yourself & explore the fascinating Colombian Caribbean coast in Barranquilla, a pleasant and festive city: one of Colombia's most authentic off-the-beaten track destinations.

GENERAL SPANISH PROGRAM

Our general program consists of 5 levels of 64 hours. They are mapped with the Common European Framework of Reference for languages (CEFR)

ADVANTAGES

-International Environment: Part of being a Universidad del Norte student is taking advantage of everything the University and Barranquilla have to offer—culture, athletics, food, academics, and more. And the best is that you will have endless opportunities to meet and interact with native speakers taking part in a wide range of activities.

-Academic Staff: Our teachers are our best asset. They are professionally qualified, experienced, and friendly and have a real focus on helping their students to achieve the best results.

-Facilities & Resources: Our extensive IT infrastructure is what you should expect from one of Colombia's Top 5 universities. Our buildings feature fully networked classrooms and a complete Language Resource Center that will allow professors and students to use the latest instructional technologies as part of the learning process.

-Conversation Club & Tutoring Program: Students can request free one-on-one tutoring with a native Spanish speaker. They will as well be offered the opportunity to be part of a Spanish conversation club, a great place to learn commonly used idioms, practice conversation skills and learn all about Latin American culture!

-Assistance: Students are offered a comprehensive and personalized assistance service covering all aspects of their stay in Barranquilla such as accommodation, travel plans, transportation, cultural events, customs, etc.

-Extracurricular activities: outings to museums and places of interest in and around Barranquilla, musical and sports events and more!
